

Dear Valued Clients,

To keep providing you with superior quality, cost-effective inspections we have created a new corporate structure for our companies to process your inspection orders.

Effective February 7, 2022, inspections ordered *outside* of California will be processed by our new entity- Field Force Inspections, LLC. Inspections ordered *within* California will be processed by our legacy company Pacific Inspections, Inc.

Rest assured that you will still get the same great service from your regular customer service team. You will still login using the same credentials and request inspections as usual, our systems will handle dispatching them to the proper entity. The changes you will notice are that your inspections will have the appropriate company logo, depending on location, and your company will receive 2 invoices, one from Pacific Inspections for work within California, and one from Field Force Inspections for work completed outside of California.

For your convenience, W-9 forms and electronic payment details will be sent to your Accounting Department via email this week.

We look forward to being of service to under this new structure. If you have any questions, please contact me at 310-567-6628 or holly@fieldforceinspections.com.

As always, we deeply appreciate your business and the trust you place in us.

Best Regards,
Holly

Holly Henebry, CEO
